APPLETONS' POPULAR SCIENCE MONTHLY.

Edited by WILLIAM JAY YOUMANS.

The Popular Science Monthly is without a competitor.

It is not a technical magazine.

It stands alone as an educator, and is the best periodical for people who think.

All its articles are by writers of long practical acquaintance with their subjects, and are written in such a manner as to be readily understood.

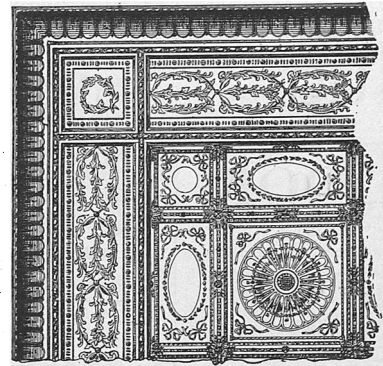

It deals particularly with those general and practical subjects which are of the greatest interest and importance to the people at large.

Besides this, it keeps its readers fully informed of all that is being done in the broad field of science.

A reference to the contents of any of the late numbers will more than confirm the foregoing statement.

\$5.00 per annum; specimen copy, 25 cents.

ARCHITECTURAL AND ART INDUSTRIAL WORKS.

(JUST ISSUED)

HANDBOOK OF ORNAMENT.

A GRAMMAR OF

Art Industrial and Architectural Designing

In all its Branches, for Practical as well as Theoretical Use.

BY

FRANZ SALES MEYER,

Professor of the School of Industrial Arts in Karlsruhe.

AUTHORIZED ENGLISH EDITION.

ALMOST 3,000 ILLUSTRATIONS ON 300 PLATES, AND 580 PAGES TEXT.

Price, \$3.60.

Before we undertook to present to the artists and artisans, to the teachers and students of art and art industry of the American nation an English edition of the well-known "Handbuch der Ornamentik," we consulted the most prominent professors and practical men of this country in this matter, and all these gentlemen cordially welcomed our idea and agreed unanimously that there is no other book in this line as complete, as useful, as rich of illustration and remarks on style and history, motives and their applications, and of such a comparatively trifling price as this "Handbook of Ornament." From the German editions of our work are sold, up to date, about 10,000 copies, and we hope the new English edition will find as many friends in this great, wonderful country, as it is fit to have its place on the shelves of an art professor's private library as well as in the shop of each artisan, and as it is fit to be the always-ready counsellor to each draughtsman. Let us say also that this English edition is authorized by the author as well as by the German publisher.

Yours very respectfully,
